**40 CFR Part 52**

**[EPA-R07-OAR-2022-0382; FRL-9767-02-R7]**

**Air Plan Approval; Missouri; Removal of Control of Emissions  
from Bakery Ovens**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking final action to approve a revision to the State Implementation Plan (SIP) for the State of Missouri. This final action will amend the SIP to remove a rule related to control of emissions from bakery ovens in St. Louis City and Jefferson, St. Charles, Franklin, and St. Louis Counties. The EPA's approval of this rule revision is in accordance with the requirements of the Clean Air Act (CAA).

**DATES:** This final rule is effective on **[insert date 30 days after date of publication in the Federal Register]**.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA-R07-OAR-2022-0382. All documents in the docket are listed on the <https://www.regulations.gov> web site. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available

docket materials are available through <https://www.regulations.gov> or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional information.

### **I. What is Being Addressed in this Document?**

The EPA is approving the removal of 10 Code of State Regulation (CSR) 10-5.440, *Control of Emissions From Bakery Ovens*, from the Missouri SIP. As explained in detail in the EPA's proposed rule, Missouri has demonstrated that removal of 10 CSR 10-5.440 will not interfere with attainment of the NAAQS, reasonable further progress, or any other applicable requirement of the CAA because the rule applied to a single source that has permanently ceased operations and it therefore no longer serves to reduce emissions in the St. Louis Area (87 FR 27048, May 6, 2022). The public comment period on the EPA's proposed rule opened May 6, 2022, the date of its publication in the *Federal Register* and closed

on June 6, 2022. During this period, the EPA received no comments. Therefore, the EPA is finalizing its proposal to remove 10 CSR 10-5.440 from the Missouri SIP.

## **II. Have the Requirements for Approval of a SIP Revision Been Met?**

The State's submission has met the public notice requirements for SIP submissions in accordance with 40 CFR 51.102. The submission also satisfied the completeness criteria of 40 CFR part 51, appendix V. The State provided public notice on this SIP revision from May 15, 2018 to August 2, 2018 and received 11 comments from the EPA. Missouri's July 11, 2019 letter addressed the EPA's comments. The SIP revision meets the substantive SIP requirements of the Clean Air Act (CAA), including section 110 and implementing regulations.

## **III. What Action is the EPA Taking?**

The EPA is taking final action to approve Missouri's request to remove 10 CSR 10-5.440 from the SIP.

## **IV. Incorporation by Reference**

In this document, the EPA is deleting rules which were previously incorporated by reference from the applicable Missouri SIP. In accordance with requirements of 1 CFR 51.5, the EPA is deleting certain Missouri rules as described in Section I. of this preamble. The EPA has made, and will continue to make, these materials generally available through [www.regulations.gov](http://www.regulations.gov) and at the EPA Region 7 Office (please

contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

## **V. Statutory and Executive Order Reviews**

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4);

- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of the National Technology Transfer and Advancement Act (NTTA) because this rulemaking does not involve technical standards; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).
- In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).
- This action is subject to the Congressional Review Act, and the EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United

States. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

- Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by **[insert date 60 days after date of publication in the Federal Register]**. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

#### **List of Subjects in 40 CFR Part 52**

Incorporation by reference, Ozone, Volatile organic compounds.

Dated: July 18, 2022.

Meghan A. McCollister,  
Regional Administrator,  
Region 7.

For the reasons stated in the preamble, the EPA amends 40 CFR part 52 as set forth below:

**PART 52--APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

1. The authority citation for part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

**Subpart AA-Missouri**

**§52.1320 [Amended]**

2. In §52.1320, the table in paragraph (c) is amended by removing the entry "10-5.440" under the heading "Chapter 5--Air Quality Standards and Air Pollution Control Regulations for the St. Louis Metropolitan".
